 - Estructuras para silos

A low-angle photograph looking up at a massive red-painted steel truss roof structure. The structure consists of numerous parallel and intersecting beams forming a grid-like pattern. Below the roof, a large, horizontal, cylindrical industrial storage tank is visible. The tank is light-colored, possibly yellow or white, and has some markings on it, including a blue letter 'A' and the letters 'CH' in black. The sky is visible through the gaps in the roof structure, showing a blue color with some white clouds. The overall scene suggests an industrial or agricultural storage facility.
